

# NMSTemplate Maker Info Checklist

*\*Name wiki page same as name inputted to get all links to work. Exclude brackets [] on system names in form and on gamepedia wiki.*

*Last updated: 8/19/17*

## Star System Template Info Needed (quick):

- Star System Name:
- Original Star System Name:
- Region of Space/Hub:
- System Class (Star color, Yellow, Red, Blue, Green, etc):
- Distance to Center:
- Planet (# of Planets, 0 for none):
- Moons (# of Moons (0 for none):
- Faction of System (ie Gek):
- Discovered By (you or user on system)
- System Played On (PC or PS4):
- Game Mode (normal creative permadeth)

## Expanded Info/Media (optional but recommended 😊) :

- Space crystal composition
- Photos of system from galactic map showing relation to center.
  - Other ways to show how to reach system in Hub area
- Photos of planets from space for gallery
- Photo of Nanite Trader at Space Station
  - Space Station Vendor technology upgrades and prices.
- Photo of Terminal Buy prices at Space Station
- Photos of ships in Space Station
- Basic Planet Details (name, type, extreme, sentinels, resources from space scan)
- Other useful info (bases, rare resources, portals, comm stations, etc)

### **Planet Template Info Needed (quick):**

- Planet Name:
- Star System Name (same as wikipedia name if exists):
- Galactic Hub Region:
- Planet Type (from options/start screen > discoveries):
- Planet Weather (from options/start screen > discoveries)
- Planet atmosphere (just brief description, ie Hazy or Clear)
- Planet terrain (just brief description, ie Waterworld, Hilly)
- Resources (space scan of planet, use symbols, ie Ca or Hr or Au)
- Sentinels (from options/start screen > discoveries):
- Flora Type (from options/start screen > discoveries)
- Flora Number (Number of flora to create table of (ie 0 1 4) to add details for:)
- Fauna Type (from options/start screen > discoveries):
- Fauna Number (Number of fauna to create table of (ie 0 1 3)):
- Fauna Percent Found on Planet:
- Discovered By
- Game Mode (ie normal survival permadeath)?:
- PC or PS4:

### **Base Template Info Needed (quick):**

- Base Name Enter Base Name:
- Planet Name Where Base Located:
- Star System of Base Name:
- Galactic Region:
- # of Resources to create table of (rows):
- NipNip NipNip Available? (Yes or No):
- RaceTrack Racetrack (Yes/No)?:
- Terminal Terminal (Yes/No)?:
- Number of Landing pads (ie, one two; none zero)?:
- Geobay Type (ie Colossus Roamer Nomad or none):
- Enter builder name/id:
- Game Mode (ie normal survival permadeath)?:
- PC or PS4

### **Ship Template Info Needed (quick):**

- Original Ship Name
- Name of trader selling ship
- Planet found on
- System found in
- Galactic Region found in
- Coordinates of system/planet (0000:0000:0000:0000 format)
- Ship Type
- Ship Class
- Ship Inventory size and number of slots
- Ship Damage bonus
- Ship Shield bonus
- Ship Warp bonus
- Ship Cost

### **Fauna Template Info Needed (quick):**

- Fauna / Genus name
- Planet found on
- System found in
- Galactic Region found in
- Fauna rarity
- Fauna height
- Fauna weight
- Fauna gender
- Temperament
- Diet
